

## **Eileen Hoeter, MFA, Career and Personal Coach**

I have 20 years of business, teaching and life experience helping students, young professionals, and adults enhance their effectiveness, leadership, well-being and sense of purpose.

I bring a wealth of personal and professional experience to coaching and mentoring, with over 1000 hours of coaching and advising clients.

As an educator, I have motivated and drawn out the best in my students. My background as a documentary filmmaker has allowed me to enter various countries and areas that many have not had the privilege or opportunity to experience.

My personal commitment is reflected in my work and my passion has been in the social documentary field with projects ranging from, eating disorders, aging, mental illness, penitentiary life, and many other social issues.

This wide variety of experiences enhances my work as a coach, business advisor, and mentor with individuals who are starting a new business or a new way of life. I am fluent in both English and German and received my MFA, from the University of British Columbia in 1989.
